

Chicagoland Convention

August 28-September 2, 2026

Chicago is one of North America's most popular traction and tourist destinations and will serve as ERA's 2026 convention city. The Greater Chicagoland region is not only home to one of North America's most comprehensive rapid transit and commuter rail networks, but also four outstanding electric railroad museums, not to mention world-class museums, shopping and baseball teams to enjoy. See the last pages of this flyer after the registration form for the many museums, theater, tourist sites for you and your spouse or significant other to enjoy!

The Chicago Transit Authority (CTA) "L" network spans 8 routes and 224 track miles. In system extent and ridership, CTA's rapid transit system ranks as the third highest after the New York City and Washington, DC systems. The suburban Metra network encompasses 10 diesel and one electric commuter rail line. Chicagoland is also home to the last continuously operating interurban line, the South Shore Line, connecting Chicago with South Bend (Indiana) and a new Monon branch extending service to Munster, Indiana. Join your friends in Chicago August 28 through September 2, 2026 and experience these traction highlights first hand!

We leave our hotel by chartered bus at 8:00 a.m. for a visit to the [Fox River Trolley Museum](#) based in South Elgin, IL. The museum collection includes 26 cars operating on the portion of the former Aurora, Elgin & Fox River electric line. Cars include streetcars, interurbans and rapid transit cars from the Chicago city and interurban operations, but in particular, featuring cars from the storied Chicago, Aurora & Elgin interurban line. We will be able to ride and photograph equipment on a four-mile round trip, traveling along the banks of the scenic Fox River and in the Jon J. Duerr Forest Preserve. We will have approximately two hours to ride car(s) including a new short extension and tour the car barn and grounds.

From the museum, we proceed to the [Westfield Old Orchard Mall](#), one of Chicago's most prominent regional shopping malls for our lunch stop. The mall is home to 105 stores, including 28 restaurants of all types.

After our museum visit, we will be dropped off in the vicinity of the Skokie Dempster Street station for a **fan trip on the Chicago Transit Authority (CTA) “L” system**. We have requested the oldest available operating train for the tour. Final equipment selection and approval of itinerary is subject to CTA management approval. The tour will be approximately four hours in length. At the conclusion of the trip, you will return to the Holiday Inn – Evanston hotel on your own. **Note: Those purchasing the entire August 30 program will receive a CTA 3-day pass. For fans in the Chicagoland region who wish to participate just in the CTA “L” trip, the registration form allows you to purchase just that tour.**

This evening is on your own after returning to the Holiday Inn Hotel.

Monday August 31: South Shore Railroad Excursion & ERA Annual Banquet

Daytime. We depart the Holiday Inn-Evanston at 7:15 am. *Before you leave the hotel, please make sure to pick up your box lunch which is included in your fare for this trip. ERA tour directors will announce the hotel location where you should plan to pick up your lunch. The box lunch includes a deli sandwich, chips, fruit, and water. Make sure you select your preferred sandwich on the registration form.*

We will walk from the hotel to Davis Street CTA Station (about 0.3 miles, an 8-minute walk) and take the CTA Purple Line to Washington/Wabash station and walk to Millennium Station. You will use your CTA 3-day pass which you received on August 30 trip (if you did not take that trip, you can purchase the CTA 3-day pass separately on the registration form). From Millennium Station, we will take a round trip on the South Shore Line, the electrically powered commuter rail successor to the famous [Chicago, South Shore & South Bend Railroad](#). Opened in 1903, the 90-mile mainline connects Chicago with South Bend, Indiana. During our excursion, we plan to also cover the new Monon Branch, scheduled to open in Spring 2026. Enjoy your box lunch on this trip. We will have a brief layover stop at the South Bend Airport terminal.

Evening. ERA’s annual banquet will be held in a private room at the Holiday Inn-Evanston’s *Fountain Room A*. An informal reception and cash bar will be held from 6:30 p.m. to 7:00 p.m. A buffet dinner will follow promptly at 7 p.m. featuring beef, chicken and fish entrees, salad, sides and dessert. Our guest speaker is Bruce Moffat. Bruce’s presentation will cover traction in Chicago, past, present and future. Bruce has a career steeped in Chicago area transit and traction. He comes from a 42-year career in the transit industry, 34 of them at CTA, starting as a planner and rising to management in CTA Rail Operations and retiring as Manager of CTA’s Signage and Wayfinding. Bruce has published five books, authored 55 articles on traction and transit topics and was a past president of the CERA and a Director of the *Shore Line Interurban Historical Society*. ***CERA members and their guests are invited to attend the after-dinner presentation even if not registered for other events (around 8 pm).***

Tuesday September 1, 2026: Excursion on Metra UP-North Line & Kenosha Streetcar

We depart from the Holiday Inn-Evanston at 10 am sharp and walk to the Metra Davis Street Station. We will catch the northbound 10:28 am train from Davis Street to the Kenosha terminal at 11:45 am. We have just four hours to visit Kenosha. In Kenosha, we will view, photograph and ride the [Kenosha Streetcar](#), the two-mile streetcar loop which connects the local commuter rail station to downtown attractions, a transit center, and the modern 64-acre HarborPark residential development situated on the Lake Michigan shore. Service is provided using six refurbished Toronto PCC cars, each painted in

a different color scheme representing PCCs operating in Chicago, Cincinnati, Toronto, Johnstown and Pittsburgh. The Kenosha operation's entire right-of-way has been carefully landscaped and features extensive use of New Orleans-style "neutral ground" with grass covering the entire roadbed except for the rails themselves. Six blocks are on city streets with mixed traffic. The cars are ADA-accessible.

We have until the 4:08 pm return Metra train to visit the maintenance shops, ride and photograph the line and enjoy lunch at the various restaurants within a short walk of the line. The 4:08 pm Metra train returns to Davis Street Metra station at 5:20 pm and expected to be back at the hotel by 5:30 pm.

This evening is on your own after returning to the hotel.

Wednesday September 2, 2026: Illinois Railway Museum, O'Hare Airport Dropoff

Our chartered bus leaves the Holiday Inn-Evanston at 8:00 am to visit the [Illinois Railway Museum](#) (IRM). Those departing on O'Hare flights today may store their luggage in the baggage compartment of our bus.

We will be able to enjoy rides on either a one-mile streetcar loop or a 5-mile railroad line (10-mile round trip). You may purchase lunch at the Central Diner at the IRM during our visit.

We will depart IRM at 2:30 pm, making drop-off stops at O'Hare International Airport and the Holiday Inn-Evanston Hotel. Make sure to inform the bus operator as to the airline you will be flying with. Travel time from IRM to O'Hare is estimated at 50 minutes, however O'Hare has several terminals. The chartered bus will make every effort to get to O'Hare within an hour, subject to traffic. Nevertheless, plan your flights for departures earliest at 6 pm for domestic flights and 7 pm for international flights. ERA is not responsible for delays due to traffic.
